Dear Miss Clara and Miss Krissy,

Thank you for our wonderful experience at the Santa Ynez Museum. I had so much fun learning about all of the cowboy things, they were so cool! In the Valley Room I enjoyed looking at all of the items from different places. Most of all I loved learning about Los Alamos for my project. I love that you, educators were super nice to everyone. Everything at the museum was so interesting and so awesome. I was so intrigued with everything in the Valley Room and Cowboy Room. I appreciate all of your help and all of the things you did for us. All of your information was so helpful for us to learn more about the things that are at the museum. I also loved looking at and exploring the whole place.
