Dear Clara,

Thank you for being so kind in helping me and informing me on things about Solvang for my project. This was an extraordinary experience for me. I also want to thank you for allowing me to have extra time to write down my information about Solvang. I really appreciated everything you did for me including when you answered our questions in the Cowboy Room. Thank you for giving us the chance to visit the Historical Museum. You were the best part of the field trip. Have a great rest of your day. God Bless you.

Sincerely,
Gia
